Visit St. Petersburg either while doing the course “Doing Business in Russia” and earning credits, or as a weekend trip. More information at summer school web pages.

”

LUT summer school was as much fun with social programs as it was a fantastic learning experience academically. I formed life lasting friendships with international students from all over the world. Thank you for organizing this awesome summer program.”

Student from St. Mary's University, Canada. LUT Summer School 2012.

“The best thing about summer school was the interactivity between students and professors.”

Student from Università degli Studi di Firenze, Italy

“It was really a great experience. It was impressive how the professors and the summer school staff organized everything regarding the pick-up service, the apartments, the social program. Great!”

Student from University of Applied Science Bocholt, Germany

During LUT Summer School you

- ➔ **Learn about Finland** and finnish culture in one of the most popular summer cities in Finland
- ➔ **Learn about other cultures** by interacting in and outside the class rooms with other summer school students with diverse cultural backgrounds
- ➔ **Gain interdisciplinary knowledge** of the contemporary relevant topics

Lappeenranta University of Technology

Ever since its foundation in 1969, Lappeenranta University of Technology, LUT, has brought together technology and economics in a pioneering spirit. LUT's strategic focus areas are green energy and technology, the creation of sustainable competitiveness and operation as a hub of international Russian relations. Our international scientific community consists of 7 000 students and experts.
