

# Mobility and Research Partnerships 2006

**INTAS**

**International Association for the promotion of co-  
operation with scientists from the New Independent  
States of the former Soviet Union (NIS)**

**33 Members**

European Union 25 Member States

European Community

Bulgaria

Iceland

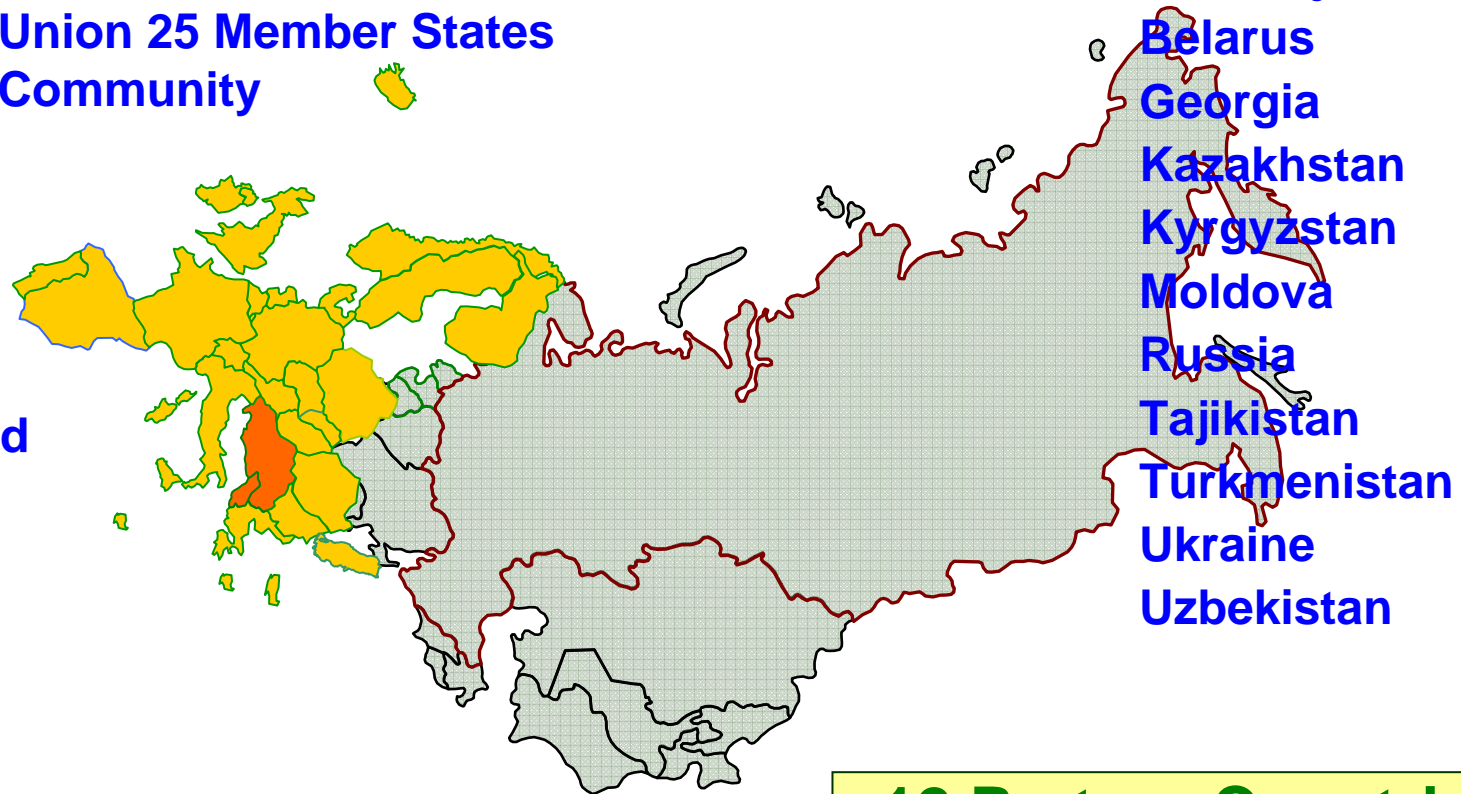

Israel

Norway

Romania

Switzerland

Turkey

Armenia

Azerbaijan

Belarus

Georgia

Kazakhstan

Kyrgyzstan

Moldova

Russia

Tajikistan

Turkmenistan

Ukraine

Uzbekistan

**12 Partner Countries**

## INTAS Priorities

- Search for scientific **excellence**
- Cover **all** scientific areas
- Include fundamental **and** applied research
- Support **international** scientific collaboration
- Select proposals on the basis of **independent evaluations**
- Allocate min. **75%** of the funds to NIS teams
- Focus on **young scientist** initiatives
- Encourage NIS partners to **participate in FP6**

**does not fund** military research & **abstains from** any political and commercial activities. All participants in INTAS funded projects must **comply with ALL applicable national laws**. If in doubt (e.g. field trips), check with the relevant authorities

## INTAS Activities

- Grants for **research projects and networks** submitted in open, thematic and collaborative calls;
- **Pre-/ Post PhD fellowships** for young NIS scientists
- Support to **Summer Schools and** other training activities
- **Innovation grants** to encourage the dissemination and use of results of scientific research;
- **Additional support measures** (Conference Grants, Infrastructure Actions)
- ININ (INTAS FP6 NIS Information Network) to
  - Open the ERA to Russia and other NIS
  - Promote NIS participation in FP6

**ON-LINE** proposal submission + evaluation + management

## INTAS Fellowships

### Main objectives

To encourage young NIS scientists:

- to remain in science
- advance their career
- continue their research at home in NIS
- yet also to establish international contacts

**INTAS Fellowships**

Instruments 2 types of fellowships

**PhD fellowships**

**Post PhD fellowships**

2 years, 2 visits (4-8 months)

duration

2 years, 2 visits (6-12 months)

Basic grant up to 6,000€  
Liv. allowance 800-1200€/mth  
Travel costs

funding

Basic grant up to 7,200€  
Liv. allowance 800-1200€/mth  
Travel costs

Working towards PhD & continue for 2 years from beginning of fellowship – *!to be made more flexible in 2006!*

criteria

Be in a full time research position at NIS organisation during the fellowship

**+ 35 years, citizen and permanent resident of NIS**

## **INTAS calls for Young Scientists Fellowships applications 2006:**

1. Open YSF call
  2. Joint YSF call INTAS – Ukraine
  3. Joint YSF call INTAS – Uzbekistan
  4. others?
- => Check announcements & submission deadlines  
on the INTAS web-site

## INTAS Fellowships

### Selected participants from Russia

	Total number of selected YS	Number of selected YS from Russia
1998	63	57
1999	81	62
2000/1	32	21
2000/2	145	111
2001/1	116	87
2001/2	125	87
2002	117	95
2003	160	113
2004	177	112
<b>Total</b>	<b>1014</b>	<b>745</b>

## INTAS Fellowships

### **Annual Nobel Laureates meeting in Lindau, Germany, 2004:**

**INTAS offered support to 15 young researchers  
from NIS to participate**

**European Commission supported 20 researchers  
from other parts of the world to attend**

## Summer Schools and other training activities

### Objective

Stimulate a larger participation of young scientists from the NIS in internationally acknowledged summer schools

### Duration

1-4 weeks taking place any time throughout the year

### Funding

Average 2,500 € per young scientist with max. 25,000 € per year and per school.

### A renewed approach

- A core set of Summer Schools regularly supported by INTAS
- Also case-by-case support

**Summer Schools funded repeatedly (incl. in 2006):**

Name of Summer School	Field	Organizing Institution	Web Site
CERN European School of High Energy Physics	High Energy Physics	CERN, Geneva, Switzerland; and JINR, Dubna, Russia	<a href="http://physicschool.web.cern.ch/PhysicsSchool">http://physicschool.web.cern.ch/PhysicsSchool</a>
FOSAD: International School on Foundations of Security Analysis and Design	Security in Computer Systems	University Residential Centre of Bertinoro, Italy	<a href="http://www.sti.uniurb.it/events/fosad/">http://www.sti.uniurb.it/events/fosad/</a>
ESMEC – European Summer School on Medicinal Chemistry	Medicinal Chemistry	European Federation for Medicinal Chemistry	<a href="http://www.uniurb.it/MedChem/ESMEC.html">http://www.uniurb.it/MedChem/ESMEC.html</a>
Jyväskylä Summer School	Multidisciplinary Summer School.	University of Jyväskylä, Finland	<a href="http://www.jyu.fi/summerschool">www.jyu.fi/summerschool</a>
GKSS School of Environmental Research	Environmental research, including regional climatology and climate dynamics.	SS 2006 is organised by GKSS - Institute for Coastal Research, Germany	<a href="http://w3g.gkss.de/GKSSschool.html">http://w3g.gkss.de/GKSSschool.html</a>
<b>ENVIROMIS</b>	<b>Environment Research and Training</b>	<b>Siberian Center for Environment Research and Training (SCERT)</b>	<a href="http://scert.ru/en/conferences">http://scert.ru/en/conferences</a>

## INTAS Summer Schools

**One more call for Summer Schools will be funded in 2006:**

- **closure date on 22 February 2006**
- **selection results to be published 22 March 2006**

## Conference Grants

### Objective

- Conference Organisation Grants (COG) support the **organisation** of international scientific events in the territory of NIS countries
- Conference Individual Grants (CIG) support **individual participation** from the NIS countries to international scientific events.

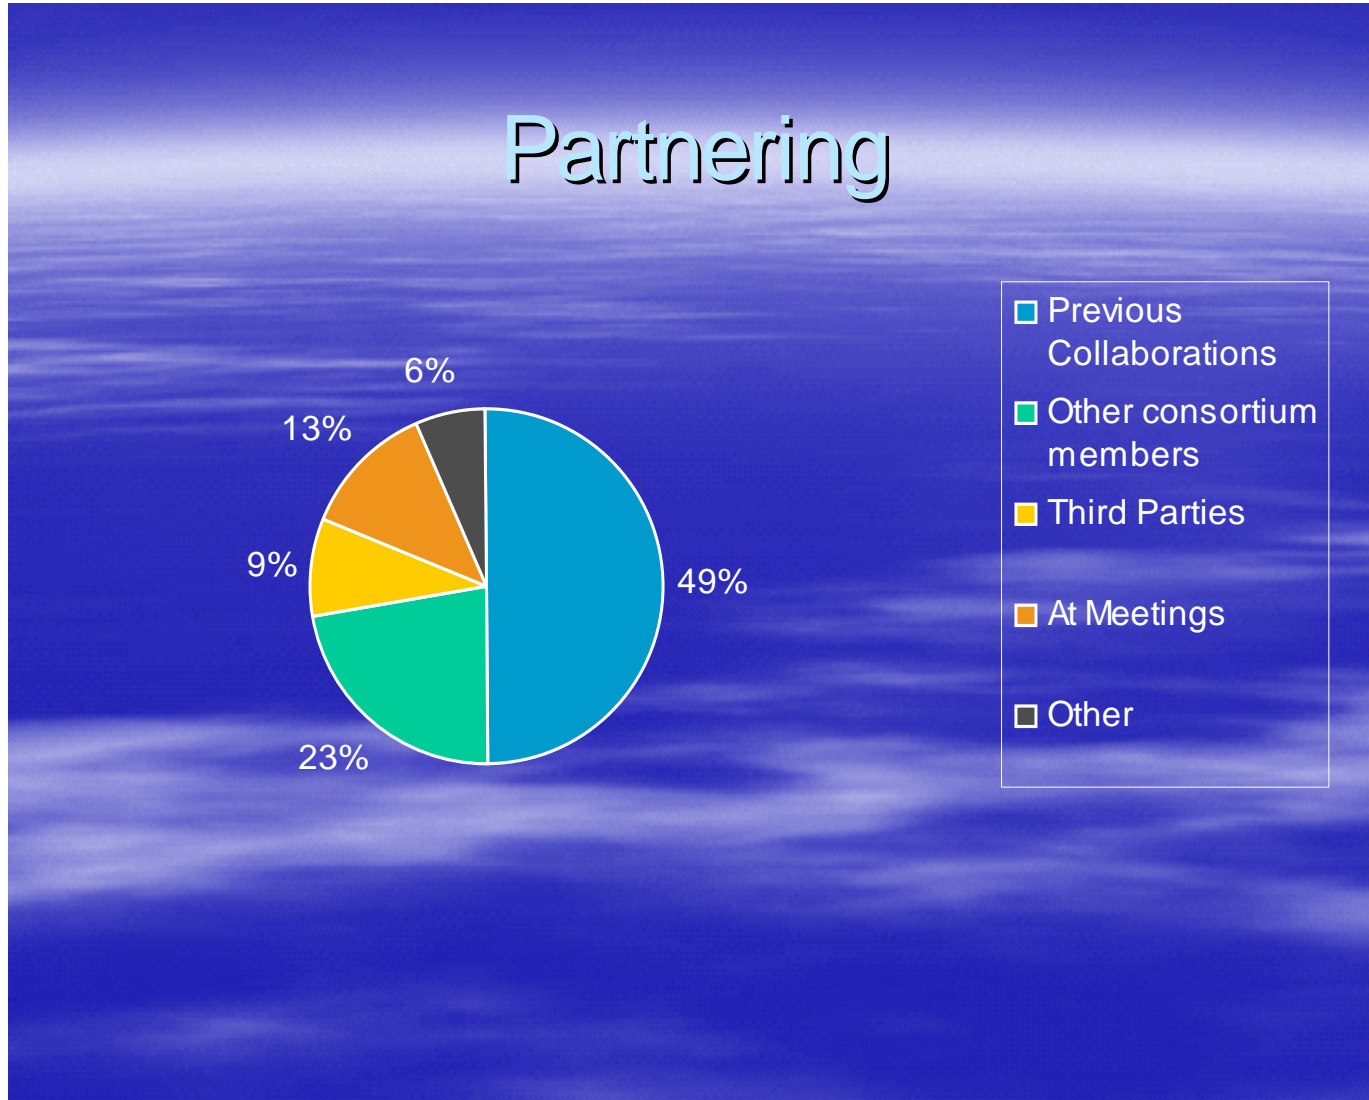

### Funding

- COG: up to 20,000 € for organisational costs and travel support for participants.
- CIG: covers partly travel costs for individual participants

### Submission/Selection

- On-line submission. Four cut-off deadlines/year.
- Selection by INTAS Council of Scientists

**Partnering**
